

# ASHUTOSH CHOUDHARY

## SOFTWARE DEVELOPMENT | FRONTEND DEVELOPMENT

### Summary

- **Detail-oriented Software Developer** with **1.5 years of experience** specializing in **Frontend Development**
- Proficient in building **responsive** and **dynamic web applications** using **React JS**, **HTML5**, **CSS3**, and **JavaScript**
- Strong understanding of web **performance optimization** techniques, including **lazy loading**, **code splitting**, and **efficient asset management**
- Experienced in implementing best practices for **SEO**, including **semantic HTML**, **meta tags**, and **structured data**
- Skilled in working with **version control systems** such as **Git** and **project management tools** like **GitLab**
- Adept at collaborating in **Agile** environments and delivering projects **on time**
- Committed to writing **clean, maintainable code** and performing thorough **debugging** and **code reviews**
- Passionate about **continuous learning** and staying updated on the latest **web development trends** and technologies

### Work Experience

Oct 2023 – Present | Accuratics Softwares, Hapur, UP | React JS Developer

#### Projects Handled:

##### Business Management Software (CRM + ERP Solution)

- Built responsive user interfaces using React, HTML5, CSS3, and TypeScript, ensuring compatibility across devices
- Developed reusable components to improve project scalability and ease of maintenance
- Led code reviews and troubleshooting sessions to uphold code quality and long-term maintainability

##### Vajra Security Application

- Designed user-friendly interfaces for both web and mobile platforms
- Integrated OAuth for seamless customer acquisition
- Applied SEO best practices, including semantic HTML, meta tags, and structured data
- Optimized website performance by implementing techniques such as lazy loading, code splitting, and effective asset management

#### Key Deliverables:

- Develop and maintain responsive, high-performance user interfaces using React JS
- Collaborate with UX/UI designers to implement modern, intuitive designs across web and mobile platforms
- Write clean, efficient, and reusable code following best practices and coding standards
- Optimize applications for maximum speed and scalability
- Integrate APIs and third-party services to enhance functionality
- Ensure cross-browser compatibility and responsiveness for a seamless user experience
- Participate in code reviews, providing constructive feedback to team members
- Debug and troubleshoot issues to maintain a smooth user experience
- Stay up-to-date with the latest web technologies, tools, and trends in frontend development
- Work closely with backend developers to implement and improve APIs and data structures

**E-mail:** iashutosh0408@gmail.com

**Address:** Samastipur, Bihar, 848210

### Core Competencies

- Frontend Development
- Responsive Design
- SEO Optimization
- Lazy Loading
- Agile Development
- Version Control
- Debugging
- Code Reviews
- Clean Code Practices
- Reusable Components
- Scalability
- Continuous Learning
- Team Collaboration

### Technical Skills

- REACT JS
- HTML5
- SCSS/CSS
- ES6,
- Git, GitLab, GitHub
- JavaScript
- Typescript
- C Language
- Postman
- Figma
- Agile
- Scrum
- Jira

### Soft Skills

- Communication
- Attention to Detail
- Problem Solving
- Adaptability
- Multitasking

### Education

- Bachelors of Computer Application | Indira Gandhi National Open University, New Delhi
- | Sep 2021 - Dec 2024

### Personal Details

- Languages Known: English, and Hindi
